Forecast For The United Kingdom
Issued by Met Office Exeter
at 1500 on Thursday 29 Jul 2021

UK Outlook for Friday 13 Aug 2021 to Friday 27 Aug 2021:
There is a tentative sign of more settled conditions developing with higher pressure becoming slightly more likely. This means drier conditions may become more prevalent, although there is still the risk of showers or thunderstorms at times. Temperatures likely to trend to above average, with an increasing chance of hotter spells developing as the month progresses.
